## Zippy Ziggy (지피지기) – Volume 5

---

### Translation Guide:

The page numbers indicated are in sync with my version of raw.

Translator's notes that should be in the final scanlation are marked like so:

*TN: blah blah blah*

Translator's notes for the Tser or just a comment in general that should not be in the final product will not have the start "TN:"

*blah blah blah*

In most cases, I will try to identify the speaker so which bubble it belongs is clear unless unknown. When two bubbles are connected, it's separated by a line break.

In general, use common sense. I may have made mistakes that will be easily caught (ie, forgot to color the comment)

Going from left to right, top to bottom.

Box: Gye RanHui

Student council president of HakA High. Bossy and sharp personality. In love with ShinGi in a scary(?) way.

Box: InWang

Overseer and the right hand man of Kim DukChil. After finding out ShinGi's disguise, he's sharpening his knife with revenge in mind.

Box: Kang JoonSam

Father of Kang ShinGi and a vice president to a large corporation. Like the saying "father like son", his personality and traits are very similar to ShinGi

Box: Moon YeoRyeong

Mother of SeungHui and is the master of ChonJin dojo and is a world class fighter. Boasts of her nice body... but just can't stop herself when beating up perverts!

Box: Story

HakA High's prized and popular student Kang ShinGi is known for being smart, good looks, athleticism and even a great personality. But, that's just a image in school... In reality, he's a sly, devious, cheap and a horrible personality living a dual life. However... since the pretty martial arts expert transferred in, his easy life at school is getting some stormy clouds in the forecast.

Michael, President of ChunBok Delivery, by accident along with ShinGi at Gye RanMi / RanHui's house, aka house of the boss of the largest organized crime, was imprisoned and sexily tortured. On the other hand, SeungHui who noticed by coincidence of the delivery, along with DukChil, came to their rescue after creating a scene. Also, after waking up, Gye RanMi also returns to their home and in the confusion falls in love with ShinGi. After seeing this reaction, the conversion with SeungHui and ShinGi allows InWang to realize the truth and lies about the false SeungHui. ShinGi who falls in love more and more after each rescue by SeungHui, and the immature following by RanMi, InWang's explosion of fury after

realization of lies to his best friend DukChil, DukChil, who's still madly in love... The story just gets more and more twisted!

*Dear god.. that was long... and yet someone only has to copy&paste.*

Robber: However, you were hailed as the person who caught a pickpocket and was even featured on a newspaper, even got a reward, and went around boasting about it, right?
